NUMBER 240

Judge Escaped

THE WOULD-BE ASSASSIN.

Residence of a Washington Attorney Blown up by Dynamite—No One Injured.

(Bulletin Special)

Chehalis, Wash., Oct. 11.—An attempt to assassinate Judge M. Yoder, a well known attorney, by blowing his house up with dynamite, was made last night. The dynamite tore a hole about 8 feet long and three feet wide in the floor alongside the bedstead where the judge and his wife were sleeping, and the couple were thrown to the floor by the shock. Although painfully bruised neither received any serious injury. The lawyer received several threatening letters during the trial of a divorce case, but paid no attention to them.

CALGARY LADY RANCHER.

The following appears in the Montreal Star of October 3: A titled lady of the British aristocracy shipping and horses from the port of Montreal, and herself personally superintending the work, was a sight never before witnessed at this harbor, but such was the case when the steamer Montcalm, of the C.P.R. line, left port on her recent trip to Avonmouth.

The young lady in question is Lady Ernestine Hunt, eldest daughter of the Marquis of Allebury. This petite and charming young lady was the centre of attraction around the shipping district and offices, before the boat sailed to the other side. She has started ranch at Calgary, Alberta, on a stretch of land between 30,000 and 40,000 acres in extent, and came to Montreal dressed in real cowboy fashion. She is a dark complexioned young woman about twenty-eight years of age; wore a sombrero hat, black waist, khaki colored skirt reaching to the knees, leather leggings and shoes. Her hair was cut short.

From Calgary, the horses, seventeen in number, were conveyed by freight to Montreal and loaded on the C.P.R. steamer. The horses were, of course, in a half wild state, but the lady, though she had made arrangements for little or no assistance in connection with their management, had the most absolute confidence in her ability to handle the animals in proper shape. She had already succeeded in winning the confidence of the animals as evidenced by the fact that she could handle them just about as she pleased, although the deck hands found it necessary to keep at a safe and respectable distance.

PARTY RETURNS.

(Bulletin Special) McKenna's party reached here yesterday and are leaving for Winnipeg Thursday. They have been making a census of the Indian tribes in Northern Saskatchewan.

Rounded Up

FOR THREE-YEAR-OLD CRIMES.

Alleged Horse Thieves Captured in United States After a Long Hunt.

(Bulletin Special)

Rosetown, Sask., Oct. 10.—After a trial lasting several hours at Duck Lake, Monday last, Francois E. Larocque and Etienne Lafleur, two French half breeds, were committed for trial on a charge of horse stealing. The warrant was issued in May three years ago for their arrest. Larocque was recently captured in Montana and Lafleur near the American boundary. They carried on alleged horse stealing operations at Wingard, Carlton, Prince Albert and Shellbrook and the evidence of eleven victims of their alleged lawlessness was taken. The prisoners were taken to Prince Albert last night. The trial takes place here on November 16.

INDIAN PRISONER ESCAPES.

Gleichen, Oct. 6.—Considerable excitement was caused in the town this afternoon by an Indian named Joe Calchield dashing through the main street followed by the R.N.W.M.P. Sergeant W. McLeod, the Indian mounted on a good horse, the sergeant on an Indian cayuse. Joseph had been sentenced to six months for being drunk, and was permitted to leave the courtroom to bid goodbye to his wife and children, and falling to come back was discovered riding away on a good horse. The sergeant mounted the first horse at hand, a small cayuse, but not waiting for his hat, gave chase, but Joe had the odds and made time through the town and across the reserve to his tepee, where his dismounted and secured an axe, and thus armed, again proceeded towards the river, where he entered the timber and became lost to the pursuers. Up to the present no trace of him has been found, and if he crosses the river he will likely be hard to run down.

Joe had secured the liquor from a new arrival, who was fined \$50 and costs for supplying the beverage. Joe has a bad reputation, and some say he will stand off his pursuers if he gets a chance.

C.N.R. FINANCIAL STATUS.

The Canadian Northern has this year built 500 additional miles of track, making a system of 4,000 miles of track built within ten years, principally in the Canadian northwest, by Mackenzie and Mann. This construction is at the rate of a mile of track a day for nine years, and two miles a day for the past year.

As against this mileage there is outstanding \$14,250,000 of bonds and \$30,750,000 of stock. The road has been built for its bonds with the aid of government subsidies, and this stock is all held by Mackenzie and Mann, having never been distributed to the public.

City Will Do Work

TENDER WAS TOO HIGH.

Only One Tender for Excavation for Telephone Building.

Only one tender was received for the excavation for the telephone building, and it was considered too high by the city commissioners who have decided that the engineering department will do the work. The fact that only one tender was received is attributed to the scarcity of labor, contractors, with their hands already full, not caring to tackle the job when the labor supply is so uncertain. The telephone building tenders will be called for by the commissioners tomorrow and they hope to have the building housed in before freezing up time.

ANOTHER ATTEMPT.

Lacombe, Oct. 11.—Another attempt was made to burn down the public school last night.

Two Indians were arrested here today for selling liquor. Hedley Stewart was arrested this morning at Alix for forging a cheque for \$175.

BANK CLEARINGS.

The Bank Clearings for the Week Ending Today were \$815,864.45.

ALBERTA CROPS.

The following report has been given out by the C.I.A. regarding the crop conditions on the western prairie week ending October 9: Swift Current—Thrashing over one-third completed. Weather satisfactory. Wheat mostly green. No. 1 hard. Maple Creek—Thrashing completed. Yield over 20 bushels per acre. No. 1 hard. No grain for sample. Lethbridge—Thrashing nearly completed. Yield reported good. Lacombe—Thrashing in progress. Yield reported good. Medicine Hat—Thrashing nearly completed. Yield reported good. Calgary—Thrashing in progress. Yield reported good. Edmonton—Thrashing in progress. Yield reported good. Ponoka—Thrashing progressing favorably and good crops. Wheat, No. 1 hard. Wheat, No. 1 soft. Yield reported very good. Strathcona—Thrashing in full swing. Yield heavy.

PRESENTATION AT ROSS RIDGE.

Prior to his departure for the east, a few of his friends from St. Albert waited on Mr. Wm. Flynn at his home on the 7th last to wish him their regards.

During the evening Mr. W. White of Seattle, who is the possessor of a fine baritone voice, entertained the gathering with a few choice selections accompanied on the piano by Mrs. Margaret Sullivan of Strathcona, Miss Margaret Chave, St. Albert, also contributed. In addition to music and singing the company also participated in the progressive pool. At midnight the company prepared to the dining room where, through the efforts of the Misses Flynn a sumptuous repast awaited them. Before sitting down to supper Mr. M. Hogan of St. Albert read Mr. Flynn the following address:—

St. Albert, Oct. 8, 1936.

To Mr. Wm. Flynn, St. Albert.

Dear Will—We, your St. Albert friends, could not let an occasion so auspicious as the present pass without giving you a token of our regard and wishing you good speed in your journey and a safe return in company with your amiable society. Needless to tell of the place your many sterling qualities has won for you in our esteem and as evidence of our good wishes we beg of you to accept this slight token.

Signed A. McKAY, J. A. McDONALD, M. HOGAN.

Mr. Flynn who was taken by surprise responded briefly, thanking them on his own behalf and on behalf of his future wife, for their kind wishes and handsome gift, a gold chain, presented by J. A. McDonald at the opportune time. After supper the crowd tripped the light fantastic for a couple of hours and then dispersed singing "He's a Jolly Good Fellow."

Strike Broken

AT MACLAREN'S LUMBER MILLS.

Drivers Started the Log Drive Yesterday, Guarded by Soldiers.

(Bulletin Special)

Buckingham, Que., Oct. 10.—The strike at the MacLaren mills which has cost two lives and resulted in the wounding of two score of others, was broken today shortly after one o'clock, when a number of men started to move the logs which have been tied up in the river since the strike began. Hundreds of townspeople and strikers looked on but no hostile demonstration was made. The logs were moved under the protection of about one hundred and seventy-five soldiers. Each soldier carried four rounds of ball cartridges in the magazine of his rifle and eight in his pouch but fortunately it was not necessary to make use of them. Not a shot was fired and although the crowd was silent, the show of superior strength prevented a hostile demonstration. All is quiet at present, and it is thought that now that the logs are moving again, the crisis is over.

BLAST FURNACE EXPLODED.

(Bulletin Special) Chicago, Oct. 10.—Two men are dead and five others are injured as the result of an explosion of a blast furnace in the plant of the Illinois Steel Company in South Chicago last night. The injured will recover.

Lacrosse

STRATHCONA RETURN FROM PACIFIC COAST.

Lost One, Drew One and Won One—Arrangements Not Good and Only Three Games Played—Boys Enjoy the Outing.

The Strathcona lacrosse team which invaded the sloppy slope returned last night and brought with them what of their colors did not get dragged in the mud on the Westminster Fair grounds. The boys got a bad drubbing at the hands of the Mount Pleasant team of Vancouver, losing the game by 14 to 4. It was a good game and anybody's until the last quarter, when the "Seons" went bad and the web-footers danced rings around the outfit and scored at will. It was a case of training, acclimatization and practice. The "Seons" boys were in it until their steam gave out. In the first quarter the score was one-one. In the second Mount Pleasant scored five to Strathcona's cypher. In the third quarter the "Seons" rallied and piled in three counts to Mount Pleasant's blank. But in the last quarter the Mount Pleasant's superior training and condition came in and they played the Strathcona boys off their feet altogether, piling up eight games. At Kamloops the Strathcona team put it over the coconuts by 14 to 3 and in Revelstoke they played a tie game.

Owing to the fact that the advance agents did not arrive on the scene in time to arrange a place for Strathcona in the New Westminster fair series the boys only managed to get into three games.

They figure on inviting some of the Coast teams over here to play in Strathcona and Edmonton some time next summer, possibly at fair time.

SULTAN VICTIM OF JEALOUSY.

Paris, Oct. 9.—A despatch from Constantinople declares that the real secret of the recent illness of the Sultan of Turkey was that he was shot in the abdomen by Kurdish woman who was jealous of his latest favorite in Har-em, a beautiful Circassian girl.

Another Chance

TO TALK ABOUT TARIFF.

Several Parties Would Like a Further Opportunity Before Revision.

(Bulletin Special)

Ottawa, Oct. 10.—A number of parties have applied for further hearings before the tariff commission. The Minister of Finance stated today that the ministers having this matter in charge, had found it impossible to open up the question for further hearings. The very fullest opportunity was afforded to every interest in every part of the Dominion to present its views. As the public are aware this opportunity was very largely used. It is absolutely necessary that the ministers devote their attention to the deliberations in connection with tariff revision.

Further hearings, therefore, can hardly be arranged for, but any representations that may be made in writing will be considered as far as time permits.

BUILDING PERMITS.

Nine building permits were taken out in the building inspector's office today. With one exception all were for residences. The Edmonton Ice Co. is taking out a permit for a new ice-house to be built on block 9 R.L. 29, costing \$2,100.

Baseball

COMPANY MET LAST NIGHT.

Reports of the Season's Operations Presented.

A meeting of the Baseball company was held last night but owing to other attractions the attendance was slim and very little business was done, the shareholders present preferring to adjourn to Wednesday of next week, the 17th, when a larger attendance may be expected.

The most important business transacted was to appoint "Deacon" White delegate to attend the league organization meeting which is to be held in Medicine Hat on Monday, Oct. 15. White will be able to attend the meeting and get back to Edmonton in time to report to the adjourned annual meeting.

Secretary Deaton's report was submitted to the meeting and accepted. It shows that the total receipts for games and stock sales during the season just closed were \$4,796.35 and the total disbursements under all heads \$5,610.49. There is a cash deficit of \$814.14 and unpaid accounts of \$236.70. Against this the company has an asset in fence, grandstand and properties of \$714.40, making the actual deficit on the season \$336.44.

The gate receipts for the season were \$3,615.15 an excellent showing considering the hurried arrangements in many cases.

The secretary's report indicates that while baseball did not pay in Edmonton during the season just closed, that organized ball with a league circuit for 1937 can be made not only self-sustaining but profitable.

SOLD HIS LIFE.

(Bulletin Special) New York, Oct. 10.—Rather than appear in court to be tried on a charge of robbing the mails, Rudolf Bragaw, formerly a clerk in the New York post office committed suicide at his home in Newark, N.J. He left a note to his mother reading "Pride, pride, pride! sold my life for nothing!"

Block Pavement

AND STREET CAR LINE.

Ald. Calhoun Thinks City Should Prepare at Once for Both.

Ald. J. C. Calhoun, returned yesterday from the Pacific Coast, which he visited for the first time in twelve years. Alderman Calhoun knew Vancouver very well sixteen or seventeen years ago and he saw a great many changes but none which struck him more than the beautiful pavements. When he learned that W. H. Harvey, the carbolinum block man had been trying to sell paving material to the city he said: "The city should place its order at once."

Ald. Calhoun says he spent several days in Vancouver inquiring into the whole paving proposition and very carefully watched the laying of the pavements. He is satisfied from what he saw that the city could not possibly adopt the same style of paving as Vancouver.

"I think the city should not only order the blocks at once," he says, "but should also have the steel for the street railway and the cement for the base, so that work could be commenced first thing in the spring to slap in the paving and car line. We have got to have both and the sooner the better. Edmonton cannot afford to be behind the times."

ANNIVERSARY OF CHICAGO FIRE

Chicago, Oct. 9.—Thirty-five years ago today a large section of Chicago was a raging furnace as the result of the act of Mrs. O'Leary's famous cow in kicking over a lighted lamp in its stable the night before. The fire burned more than 24 hours, during which a tract of six miles square in the heart of the city was laid waste and property valued at \$190,526,000 was destroyed.

Three Cars of IRON BEDS

Just unloaded. These were bought to one the recent advance and are now on sale at the old prices. Buy early if you want to take advantage of our foresight. Later shipments will be much higher.

LOCAL

—Earl Grey is in Calgary today en route east.

—The C.N.R. are ready to receive freight over the Morinville extension.

—The board of trade met this afternoon at 3.30.

—E. W. G. Fullerton was arrested by the police today on a charge of carrying firearms.

—Mr. Tuttle, land guide from Strathcona left Edmonton today with three horse trailers for Paddle River.

—The Royal Templars of Temperance hold a meeting tonight in Unity hall, Sandison block.

—Athabasca and Peace avenues have been graded as far west as the C.N.R. track and Peace for a block beyond.

—The new Catholic church on Kinsistino avenue is nearing completion. The steeple is being erected this week.

—Mr. McPhail, of the McPhail Land and Business exchange took a party of Americans from Iowa out to Clover Bar today to look for land.

—Twelve cases were on the docket today at the police court. One for perjury, one for theft, two drunks, five for assault, and three for violation of the liquor license ordinance.

—The stage for the new Edmonton theatre was finished today at 2 p. m. and the scenery is all in place for tonight's performance. "The Governor's Wife."

—Gallagher-Hull said this morning the poultry from the co-operative fattening station was selling well. Another lot is expected from the Wetaskiwin station on Saturday.

—Mr. and Mrs. S. Carsley have returned from the Coast and are visiting Mr. and Mrs. Cecil L. Carsley at the Hotel Cecil.

—Mr. E. H. Reid returned yesterday from the Pembina River District where he located five settlers out of six he took out. The settlements were made in 55-3, 55-1, 55-1.

—Mr. W. G. Horner of the Edmonton Livery has discontinued his bus service and has put all his teams to work on the new livery barn he is erecting on Clara street near First.

—Clifford Lane Bruce will appear in the Thistle Theatre tonight as the Virginian in the play entitled "The Virginian" dramatized from Owen Wister's novel.

—The C.P.R. are installing a complete system of lighting by acetylene gas in their yards at Moose Jaw which will be the only plant between Winnipeg and Vancouver. The building will be 100x40 and will supply the passenger coaches with light.

—Mr. K. W. Mackenzie has just completed some additions to his bookstore. An extension of 40 feet has been added to the rear and an office with new fixtures put in, giving increased space for his growing business.

—The students of Alberta College, 100 strong will attend in a body the presentation of the "Merchant of Venice," by Harold Nelson and his troupe on Friday evening.

—The isolation hospital is well under construction. The basement is built, and by the end of this week the bricklayers will have completed the first storey. It is situated on the bank of Rat Creek on Government avenue.

—The funeral of Dr. Walters took place this forenoon at 11 o'clock, Rev. H. A. Grey officiating. Dr. Walters died on Tuesday morning of typhoid in the Misericordia Hospital. He came here about a year ago, first practicing in Strathcona, and was very popular with the profession.

—Harold Jarvis, the popular tenor, has been secured by the public school teachers to give a concert in the Thistle Theatre on Wednesday, October 24. The proceeds are the piano fund of the schools. Mr. Jarvis needs no introduction to Edmonton people and the cause of their children needs no pleading. He is assisted by Wallace Graham, a reader.

—Calgary Albertan: Calgary is at the present moment the home of a few of the smoothest confidence men in North America. One may now be in the police headquarters, that remains to be shown. A man named Murphy is now under arrest charged with fraud. His victim was a new-comer from Dakota named Powers and is said to have been enticed into a poker game and relieved of \$305.

—Miss Jessie Little, of Belleville, Ont., has taken up her residence at 325 Kinsistino. Miss Little is a trained nurse of large experience. She was for some time with the deaf and dumb institute of Belleville and was nurse for Hon. G. W. Ross during his illness, and was afterwards nurse to Dr. T. F. Chamberlain, health inspector for the Dominion government. She will follow the nursing profession in Edmonton.

SOCIAL AND PERSONAL.

Mrs. T. P. S. Jackson entertained a number of young people Tuesday evening for Miss Anna Oliver.

Mr. and Mrs. Blackburn (nee Maloney) left for their new home in Mannville last night.

A reception for the lady residents of Alberta College will be held in the assembly room of the College on Saturday at 8 p.m.

Mrs. Bellamy and Miss Bellamy have returned from the coast and will be at home tomorrow afternoon and evening.

Mrs. Hubbel's bridge on Tuesday evening for Mrs. Oliver was a delightful one. Two tables engaged in the fascinating game. After a series of interesting games, a rochers lunch was served, after which the merry little party dispersed. Among the guests were Mesdames Oliver, Morris, Campbell, Hinsel, Beck, Brathwaite, Wilson, and Scott.

Miss Lottie Ross entertained informally last evening. A number of games of whist were participated in. At twelve o'clock lunch was served. Among the guests were Mr. and Mrs. York, Mr. and Mrs. Carter, Mr. and Mrs. Powley, Mesdames Cameron, Tyner, York, and Messrs. Finlay, Ogilvie, Jolly, Macdonnell, Roy, MacLeod and others.

Mrs. N. D. Beck gave a large At Home yesterday afternoon for her charming daughter Beatrice, who is one of this year's debutantes. About two hundred guests were present. Mrs. Beck wearing a dainty gown of black with touches of white, received her numerous guests in the drawing room, assisted by the fair debutante who in a simple girlish gown of point desprit with tiny ruchings of baby ribbon was quite charming, and by her bright attractive manner was much admired. Mesdames Halsey, Barford and Wilson presided in the tea room, assisted by Mesdames Anna Oliver, McKinney, Marjorie Beck and Lynch. The table decorations were red and white carnations. Among the guests noticed were Mesdames Oliver, Nightingale, Chudley, Scott, Brathwaite, Morris, Swaisland, Fraser, Pades, Emery, Wallbridge, Hubbel, Thibadeau, Saunders, Macdonald, Charlesworth, Jackson, Miss Kerr (Chochur), Matheson, Wisbar, McIsaac, Robertson, McCauley, and several others.

City Items**A NEW CITY COUNCIL.**

The young men of Queen's avenue Presbyterian church will hold a meeting this evening in the church. The meeting will take the form of a debate after which refreshments will be served. Every young man who has attended the church is welcome this evening. Cards have been issued but if these have not been received, Rev. Mr. Myers says that is no reason why any young man should stay away. It is proposed to form an organization that will take the form of a city council where all questions of civic interests will be discussed in the weekly meetings of the society. The meeting tonight is at 8 o'clock.

RESOLUTION OF CONDOLENCE

"At the last regular meeting of the council for L.I.D. 27 S 4, held Saturday, Oct. 6th, at the fire hall, Edmonton, the following resolution of condolence was moved by Councillor Maloney, seconded by Councillor Hogan and unanimously adopted:

"Whereas Almighty God in His infinite wisdom has seen fit to remove from our midst, the beloved wife of Councillor Simpson, be it resolved that we his fellow councillors extend to Mr. Simpson and family our heartfelt sympathy in their sad bereavement.

"Be it further resolved that a copy of the above resolution be sent the press and the bereaved family."

RENNIE'S DANCING ACADEMY.

Rennie's Academy for Dancing will open tonight at 8 o'clock in the rooms he has fitted up in the new building north of the Hudson's Bay stores on Third street.

Tonight will be a formal grand opening beginning at 8.30 p.m. Mr. Rennie has had a wide experience in Canada and the United States and teaches the standard dances produced by the Dancing Masters' Association of America.

THE VIRGINIAN.

That famous cow-boy play "The Virginian" will be produced this evening by the Nelson and Bruce Co. The play follows closely the book of the same name and many of the comedy scenes in the book are reproduced upon the stage. Those who have read the story will remember how they laughed when the Virginian in the spirit of boyish fun changed the "brand" on the sleeping babies and the error was not discovered until the owners of the babies reached home, after which there was a decidedly warm time for the Virginian. The role of the Virginian is taken by Mr. Clifford Lane Bruce. Mr. Dayton plays the bad man "Trampas." Mr. Wm. Tule is cast as the genial cow-boy, Honey Wiggen. The balance of the company are all well cast and an enjoyable performance can be expected.

MERCHANTS BANK OF CANADA.

A CANARD

That the Minister of the Interior and the Premier of Saskatchewan are to be subpoenaed to give evidence in the London election case supplies whatever evidence may have been needed that the motive behind the scene is less the furtherance of justice than the production of political effect.

That this was the case has been surmised from the first, strongly suggested by the time and circumstances in which the charges were made public. That after more than a year had passed such charges were suddenly flashed into the foreground on the eve of a half-dozen bye-elections was in itself suspicious and the suspicion was confirmed by the circumstance that at the particular time when the charges were sprung, the Conservative party was paralyzed politically by the disclosures of the Insurance Commission. That in these circumstances the Opposition would grasp at any straw and resort to any means likely to bear weight in the pending bye-elections was to be expected. The expectations have not been disappointed, and whether the charges be true or false, there can be no disputing the fact that they have been used for political effect and in such use have been treated as if already proven. Thus while proclaiming a desire to further the purposes of justice, the complainants express their contempt for the courts of justice by anticipating their decision, and while supposedly seeking justice for themselves they deny to their opponents the first principle of justice—to be considered blameless until convicted of fault.

Not satisfied with supplanting the courts, these gentlemen would now pervert the machinery of justice to the furtherance of their political purposes. They will hale as witnesses a member of the Federal Government coming from a distant province and the premier of another distant province, one of whom addressed only one meeting in London, arriving in the city in the evening and leaving the following morning. That they do so is apparently intended to convey the impression that they doubt both the integrity and the prudence of these public men, for whether or not corrupt practices took place in London to accuse Messrs. Oliver and Scott of having knowledge of such offences is not less a reflection on their common sense than on their common honesty. Under these circumstances the halting of Mr. Oliver and Mr. Scott to the witness box can have no reasonable purpose, save as an attempt to cast aspersions on them in the hope to offset the stigma which the insurance inquiry has cast upon Mr. Foster and his associates. It is in the hope of attaching odium to two prominent Liberals as an antidote for the public disgust at the doings of this coterie of Conservative politicians that the machinery of justice is now to be misused.

MANITOBA FALL WHEAT

Manitoba too, has hopes of becoming a fall-wheat country and a recent issue of the Free Press contains an account of experiments which have been made in its production in the Swan River district. A portion of the article is reproduced:

"A year ago last July A. J. Cotton, of Swan River, imported from Kansas City, Iowa, a car load of red winter wheat for seed purposes, of which he used part himself, sowing seventy-five acres, and distributed the balance among over a hundred farmers in the Swan River Valley. This valley is twenty to thirty-five miles wide and seventy miles long; the soil is first class for farming purposes, and it is protected by the wooded mountain ranges from winds, so that the snow is not drifted from the fields. Taking advantage of these favoring circumstances, Mr. Cotton has for four years past been sowing small patches of fall wheat and securing returns which fully convinced him of the safety of embarking in the enterprise on a much larger scale. He endeavored to secure the necessary seed wheat in the province of Alberta, but could not obtain a pound. He also wired to every seed house in Ontario for the kind best adapted to this country, but without success. At last he had to go south all the way to Kansas City in order to get his supply from the new crop, which had just been threshed in time for use here; and he succeeded, with the assistance of Mr. Shaw, manager of the C. N. R., in locating his car load, getting it at a cost of \$1,000.

The past season, Mr. Cotton said,

was the most unfavorable he has known in the Swan river valley for raising fall wheat, as there was scarcely any snow fall, whereas usually there is plenty of snow. The results, nevertheless, have been very satisfactory. Some of the farmers have had a yield of forty bushels to the acre, though a portion of Mr. Cotton's threshing has yielded only twenty-three bushels. The quality of the grain is remarkably good. Mr. Cotton showed a Free Press reporter a sample of the new crop, and alongside of it a sample of the imported seed. The superiority of the Manitoba production is quite striking, the grains being considerably larger. The farmers are well satisfied with their experiment, and are continuing it, having sown a large acreage this fall. The crop of the past season will be kept for seeding purposes. One farmer, Mr. Campbell, in the Minneapolis district, has sown some two hundred acres and is well convinced as to the prospects of success in raising fall wheat. Mr. Cotton has threshed fifteen acres, and has sixty acres more to thresh. From Kenville station three cars of this winter wheat have been shipped in the shed for exhibition purposes, besides which two or three more have been shipped from other districts."

CURRENT COMMENT.

Saskatoon Capital: We notice that the Canadian canners have decided to increase the price of tomatoes because the crop was too large, and also to increase the price of plums because the price was too small. The excuse crop is always large.

Toronto World: "Mr. Shepley is courteous, but he has something of Mr. Foster's caustic wit, and now and then he uses it. There are some transactions that are queer, at least. In the very beginning, when the first investigation was presented, it was Mr. Foster's duty to get a report on the land. Two competent men were sent out to investigate. But these two men were two of the three who wanted to borrow the money. Mr. Shepley insinuated that there must have been great suspense while the Trust company these borrowers would decide that the company waited to hear whether or no security which they had to offer was 'good'."

An exchange suggests that comment on the evidence given before the Insurance Commission is as unwarrantable as comment on the evidence adduced in connection with the London election charges. The argument falls because there is no parity between the tribunals. The Insurance Commission is a commission of inquiry; the election charges must be tried in a court of law. The purpose of the commission is to secure information for the public; the purpose of the court is to declare the innocence or guilt of parties accused. Evidence taken by the commission is to enable the public to form a judgment; evidence taken by a court is to enable the court to form a judgment. Comment on evidence given before the commission is fulfilling the purpose for which a commission of inquiry is appointed; comment on evidence adduced in a court of law is anticipating the finding of the court and prejudicing the public mind toward it.

THE Oxford Hot Water Boiler is built to use absolutely all the heat generated in the fire-pot.

The inclining walls of the fire-pot expose great surface to the direct heat of the fire. The first section is greater in depth than the other sections, and the flues of this section are bell-shaped, against which the heat rays sharply impinge, so that a greater body of water gets the direct effect of the fire.

Oxford Hot Water Boiler

The entire boiler is steel and iron. The joints are made with steel push nipples, which are absolutely indestructible—no rubber washers.

We would like to send you a copy of our book about the Gurney Oxford Steam and Hot Water Heating Apparatus. Write for it.

That grate Those walls

Three-sided hollow grate-bars make the fuel burn up clean because they feed enough air to the fire to insure perfect combustion with ANY fuel. Easy to repair—take out any bar and let the rest alone. Everything's right in the right furnace.

Fire-pot walls corrugated vertically—increases the heat-radiating power fully a third—which simply means getting a ton's worth of heat out of two-thirds of a ton of fuel. Built to save your money, built to heat right—

Oxford Furnace

Specially big fire-door—lets you use chunks of coal, slabs of wood, that you couldn't jam into the usual furnace. Rough fuel is cheaper—this furnace burns any fuel, every fuel, and gets utmost service out of all it does burn, just because it burns fuel right.

Come in and look it over

—or get the book that tells why it's the right furnace for you.

EDMONTON'S HIGH-CLASS EXHIBIT.

Thos. Daly Returns from Royal City, Where He Handled Edmonton Exhibit — Believes Large Display Should be Made Next Year.

Thomas Daly, the farmer missionary for Edmonton, returned yesterday from New Westminster, where he had charge of the Edmonton exhibit.

Mr. Daly is satisfied with the work accomplished considering the very short time in which the exhibit was gotten together. Edmonton and Strathcona made the highest average in grains and grasses of any district at the fair, getting 235 points out of a possible 250.

Mr. Daly speaks highly of the usage which he got at the hands of the Westminster fair management. Although late in making application for floor space, Edmonton and Strathcona were given 800 feet in a prominent position in the main agricultural building, where they had an excellent opportunity to display their exhibits. On opening day he had a couple of bushels of Edmonton literature, and although he did not press this on passers the bunch did not last a day. Mr. Daly says there is plenty of room for advertising on the Pacific coast as he met many people who knew very little of Alberta and its resources or even the location of the British Columbia fruit growing capital city.

The districts, Mr. Daly says, are the best advertisers he has not yet. Their district exhibits cost them all the way from \$500 to \$1,000 to get up and were simply magnificent, whereas Edmonton spent a mere \$100 for its exhibit. These fruit growers are very anxious to get acquainted over here, more particularly those between Agassiz and the coast, who so far have not shipped any fruit over this way, but would like to open up a market in this part of the world. They would like to be able to exhibit in Edmonton and show the people here what they have to sell, but the July date is too early for them, as they say that August 10th to 15th is the earliest that they could place their exhibits. The secretaries of several fruit growers' associations made representations to Mr. Daly with the idea of having the Edmonton fair date put back to August so as to give them a chance.

Mr. Daly is firmly convinced that New Westminster is one of the best places in either Canada or United States in which to make an exhibit. There are always a great many Americans and some Australians at the Royal City fair, to say nothing of the thousands of landless Canadians who might be induced to take up a homestead, and pushing the propaganda among these people is sure to be a profitable enterprise. In fact, there are land hunters in the city already who were attracted by this year's exhibit and they are going to become permanent settlers. For next year he recommends that a proper and consistent effort be made to collect the very finest exhibit that can be gotten together in Northern Alberta, that application be made early for all the floor space that the Westminster management is willing to give, and that a great big first class exhibit such as will surpass and outlive anything else on the grounds should be made, and he gives it as his firm opinion that the investment will pay a hundred fold.

This district, he says, has more to back up an investment in the soil than any other in Canada as far as he has seen.

MOTHER BOUGHT HER OWN CHILD.

Toronto, Ont., Oct. 11.—A dramatic scene in the unhappy marriage and separation of a Detroit couple was enacted at Gladstone house, when the young wife through her lawyer, paid over to her husband \$10,000 for the return to her of their child, a boy of three years old. The parties to the arrangement were Montague C. Rolls, a young Detroit lawyer and his wife, who is the daughter of a millionaire bank president named McGregor of St. Clair, Mich. Since the little boy's disappearance from his grandfather's country place at St. Clair three weeks ago Rolls the father has been watched and followed to Toronto by three private detectives, from Detroit. He was finally located in this city, and negotiations were opened which ended in the exchange of the child for a fortune.

MACHINISTS COMING WEST. MONCTON, N. B., Oct. 11.—Quite a number of machinists and boiler-makers are leaving the I. C. R. and emigrating to Western Canada, and emigrating to Western Canada, attracted, it is said, by higher wages.

Tracklaying

OPERATIONS COMMENCED ON WHITE WHALE BRANCH.

C.N.R. Steel Gang Busy This Morning on the Westward Extension of the McKenzie & Mann System.—Will Lay 50 Miles of Rails.

The steel gang on the Canadian Northern commenced tracklaying this morning on the White Whale Lake branch west of the city. The Morinville branch is now all complete as far as that place except for the telegraph line which is now being put in. Tracklaying on the White Whale branch will not likely reach the lake this fall as there is a gap in the grade which may delay operations slightly, although all the contractors on the branch are busy trying to get the section closed up. Except for this gap the road is graded, to Wabumun, the town-site on the reserve.

W. C. T. U. CONVENTION.

The third annual convention of the Provincial Woman's Christian Temperance Union of Alberta and Saskatchewan began at Moose Jaw on Friday.

The executive committee met previously and conducted routine business, appointed committee, etc.

The regular session opened at 9.30 on Friday morning with three officers and 25 delegates present.

Mrs. Hyslop, provincial organizer for Manitoba, was introduced and made a member of the convention.

The sessions of the convention

The sessions of the day were taken up with reports of the president, secretary and treasurer, also reports from local unions and superintendents of departments.

Some of the departments discussed were scientific temperance in and mines, the franchise and citizenship.

The union now numbers 18 in Alberta and 13 in Saskatchewan, with a total membership of 185. The convention is one of the best yet held.

The evening session of Friday was welcome night, and was held in the Presbyterian church.

Addresses of welcome were given by Mrs. Alexander in behalf of the W. C. T. U., and Mrs. Kent in behalf of the Y. W. C. A.

Mrs. Woodhall, of Calgary, responded.

Greetings were voiced by the mayor and representatives of the following organizations: The pastors of the city, the Y. M. C. A., Royal Templars, the board of trade and the ladies of the Methodist, Presbyterian and Baptist churches.

Mrs. Hyslop gave a very interesting address.

During the evening Mrs. Dr. Leask and Dr. Harwood rendered solos, which were much appreciated.

The sessions of Saturday were taken up with reports of local unions and of superintendents of departments.

The report of the credentials committee showed a total attendance of 41 delegates.

The election of officers took place on Saturday afternoon and resulted as follows:

President—Mrs. S. J. Craig, Olds. Vice-president—Mrs. Bulaya, Edmonton.

Corresponding secretary—Mrs. Sharpe, of Wetaskiwin.

Recording secretary—Mrs. L. C. McKinney, Claresholm.

Treasurer—Mrs. E. K. Strathy, Lacombe.

Y. secretary—Mrs. George Powell, Grenfell.

NO DIVIDENDS YET.

Toronto, Oct. 8.—It is announced by the National Trust Co. that a complete list of shareholders of the York County Loan and Savings Co. today comprise 110,000 individuals or claims, and that there are several thousand shareholders not yet reported.

Roughly speaking about \$200,000 has already been realized on the assets.

The National Trust Co. desires it to be known that they do not yet know when a dividend will be declared in connection with the affairs of the York County Loan, nor can the time even be forecasted.

GRAND COMMISSION IN TORONTO.

Toronto, Ont., Oct. 11.—The Dominion government grain commission will resume sessions here today.

FISHERIES QUESTION

(Bulletin Special)
Ottawa, Oct. 11.—The fisheries question was under consideration all yesterday afternoon at the provincial conference. The general opinion is that the Dominion should administer the fisheries if the provinces concerned would receive compensation. This matter stands by itself and only affects the increased subsidy resolution in so far as the Dominion wants to get the question of dual jurisdiction out of the way. If this is done it might pave the way for the Dominion conceding the increases

4,000 Killed

IN THE VALPARAISO 'QUAKE.

Innisfail Man Describes Scenes in the South American Horror.

Calgary Albertan: J. R. Currie, who owns ten or twelve farms in the neighborhood of Innisfail, and who is also interested in real estate in Calgary passed through the city yesterday.

Mr. Currie left Innisfail about four weeks ago with the intention of settling in Argentina. He travelled from Vancouver to Panama. He reports that the building of the Panama Canal is progressing apace and that the sanitary conditions which have been exposed by the American authorities have minimized the quantity of disease which formerly existed.

There was a simple, rugged force about Currie's words which would be lost if any attempt was made to elaborate them.

"There was nothing in the atmospheric conditions that would indicate in any way the disaster which was about to occur. The city of Valparaiso, you must understand, is built in two parts. The business part lies on the lowland, near the shore. The residential portion occupies the side of a hill.

"The sun had sunk behind the hills. The sea was calm as glass. At 7 p.m. the first shock occurred. The houses in the upper part of the city slide down the hill. Our ship, rocked, pitched and bobbed until I thought that her very timbers would have parted asunder. After fires sprang up in the city. The wind from the east bore some cries to our frightened ears over the troubled sea.

"Again all was still. At 8 p.m. another shock occurred. The Spanish crew lifted up their hands in prayer. The Englishmen swore and other emotions were distributed unevenly amongst the community.

"With the first break of dawn we visited the shone. On all sides ruin, devastation and misery. Martial law had been proclaimed and numbers of drunken soldiers shot and bayoneted 110 people.

"Down the mountain side came pack mules with rough coffins on their backs. Quickly the dead were hoisted upon their backs and despatched to the cemetery.

"Far aloft in the azure sky, however, the vultures swooped. Always the white figures of the priests wandered.

"With night came terror. Red flashes of fire stood out against the darkness. The crash of falling buildings broke the silence. The ocean heaved, our ship rocked like a drunken man.

"On the third day the sun rose over a destitute city. The English population went on the mail boat of the Orient Pacific line.

Mr. Currie who is still suffering from nervous prostration was unable to furnish further details. In conclusion he said solemnly "I thank God that I am alive and that I am in Alberta once more. In my dreams I see the burning city, smell the corpses."

FOR NATIONAL CONTROL

(Bulletin Special).

Toronto, Oct. 10.—W. S. Calvert, federal whip, stated today that negotiations were under way at Ottawa whereby the Dominion would take over all responsibility for railway control from the provinces.

BLAST FURNACE FOR TORONTO.

(Bulletin Special).

Toronto, Oct. 10.—The Canadian Northern railway has asked Toronto's commissioner of industries, Joseph Thompson, for fifty acres of land in Ashbridge's Bay. If they can get it they promise to build the largest blast furnace in Canada. The intention is to run it in connection with mineral lands acquired along the line of their road.

GEO. E. FOSTER RECEIVED \$7,000.

Declaration by Peter Ryan and the Ex-Finance Minister.

Toronto, Oct. 3.—The result of the examination of the books of the Bank of Nova Scotia has disclosed to the insurance commission the manner in which some of the \$5,000 received by Mr. Fowler from Peter Ryan in connection with the Kamloops Lumber Co. purchase was disposed of. The names of "Care," "Barnes," "Leary," "Mackenzie and Mann," "Carce," "Burke H. Hays," and "Fechen" appeared in the bank ledger as recipients of money from Mr. Fowler, or Pope and Fowler. There was a number of other payments against which the names of the recipients did not appear in the books.

Hon. G. E. Foster again gave evidence and volunteered the statement that the \$2,500 which, according to the amount produced, he had received, from Fowler was not the only amount he had obtained. The aggregate advances made by Fowler to himself he placed at between \$5,000 and \$7,500. He had appeared to Fowler for financial assistance because of pressing obligations, but claimed that he had a contract against that gentleman which was fully equivalent to the total of the advances and that there would be an accounting between them. Mr. Foster stated that Mr. Fowler was in the negotiations for the purchase of lumber properties, in pursuance of an understanding between McCormick Irwin and Fowler on the one hand and the Union Trust Co. on the other, and while declining to define the relationship of Fowler as that of an "agent," he admitted in a reply to Mr. Shepley that he would be likely to ask for an accounting of any profits made by a person in Mr. Fowler's position. Mr. Foster emphatically denied that he had any interest in the transaction when it was made but stated that after the deal was closed Fowler had given him an option on a portion of his interest in the Kamloops Lumber Co., and that the option was still outstanding.

Mr. Foster also explained how he and his associates, Wilson and McGillivray acquired first the half interest and finally the entire interest in the Pope-Fowler option of the C. P. R. as individuals intending to finance it themselves. Finally believing it was a good thing they let the Union Trust Co. on it and borrowed money from the company, giving in return 24, 1-2 shares of bonus stock as an

inducement. He admitted that the records of the Union Trust directors did not show the identity of the real owners of the option which was disclosed to the directors at the time the transaction took place, but said the facts were well known afterwards.

Mr. Foster was unable to give any clear reasons why when Dr. Oronhyatekha suggested that 100 shares had been put in his name, that the number of shares belonging to Wilson McGillivray and himself were transferred to Dr. Oronhyatekha without any consideration being given.

On the 20th of May 1906, he said, he and Fowler had gone to the headquarters of the railway company fixing the price of the lands at \$5 per acre and setting the option at \$5. He believed these gentlemen thought they had a good option. Neither was he aware until it came out in the evidence that he had secured secret information regarding the action of the Canadian Northern railway.

From the stock of the Great West Land Co. it appeared that Foster held 333 shares Matthew Wilson 333 shares, Lieut.-Col. McGillivray, 278 shares, W. J. Curry, K.C., 5 shares and Pope and Fowler 539 shares of stock.

Mr. Shepley emphasized that he had received a letter from G. W. Fowler stating that he was on his way back east. He is expected to arrive here in the course of a few days. Peter Ryan, who is about to leave the city for a brief period, voluntarily went into the box and gave a declaration of his interest in the lumber enterprise which he said to the Union Trust Co., an emphatically denied that he had received anything more than the \$175,000 agreed upon for the property. He admitted that the terms of his action in representing \$25,000 to the Union Trust Co. as a consideration was open to question but urged that it was a common thing to name a large amount than the real consideration in the documents. His partners in the ownership of the property had sold for a division of the proceeds on a basis of \$225,000 but had been unsuccessful. He remembered that his name had been bandied up and down in connection with the transaction and referring to certain rumors challenged Mr. Shepley if he had any correspondence that would throw light upon the matter to produce it. For himself, he had nothing to hide or screen.

Tenders for a License to Cut Timber on Dominion Lands in the Province of Alberta.

SEALED TENDERS addressed to the Timber and Mines Branch, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 1287," will be received at this Department until noon on Wednesday, the 7th day of November, 1906, for a license to cut timber on Berth No. 1287, comprising the North East quarter of section 32, Township 49, Range 3, West of the 5th Meridian and containing an area of 25 square miles more or less. The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton, Alberta.

Each tender must be accompanied by an accepted cheque or a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount

of the bonus which the applicant is prepared to pay for a license. No tender by telegraph will be entertained.

PENITENTIARY SUPPLIES.

FLOUR. SEALED TENDERS addressed "Inspector of Penitentiaries, Ottawa," and endorsed "Tenders for Flour," will be received until Monday, 22nd October, inclusive, from parties desirous of contracting for the supply of flour for twelve months ending 31st October, 1907, for the undermentioned penitentiaries, namely:—

Kingsford Penitentiary. St. Vincent de Paul Penitentiary. Dorchester Penitentiary. Manitoba Penitentiary. 1 Alberta Penitentiary, Edmonton, Alta. Forms of tender and information as to form of contract, will be furnished on application to the Warden of the Penitentiaries. DOUGLAS STEWART, GEO. W. DAWSON, Inspectors of Penitentiaries. Department of Justice, Ottawa, October 8th, 1906. oct 10-13

NOTICE.

DEPARTMENT OF INDIAN AFFAIRS.

TENDERS FOR FLOUR.

SEALED TENDERS endorsed "Tenders for Flour," and addressed to the undersigned will be received up to noon of October 22nd, 1906, for delivery on or before the 15th November next, of the undermentioned quantities of flour, or any portion thereof, at the points named herein, together with such further quantities as may be required during the fiscal year ending the 31st March, 1907.

Flour to be equal to the standard sample, (which may be viewed in the Department of Indian Affairs at Ottawa, the Indian Commissioner's Office at Winnipeg, the Indian Agents' Offices at Battleford, Duck Lake and Birch Lake respectively, the office of the Inspector of Indian Agencies at Portage la Prairie and at the Dominion Lands Offices at Brandon, Regina, Calgary, Edmonton, Prince Albert and Yorkton); to be fresh ground, put up in sacks containing 100 lbs. net, and double sacked. The inner sacks to be of grey cotton, three yards to the pound, free from dressing, and to weigh six ounces when made up; the outer sack to be of late sown with strong twine and to weigh fourteen ounces; sack known to the trades as "two bushel bag," the outer sack to be legibly branded with the name of the manufacturer, and net weight of flour within.

Each tender must be accompanied by an accepted cheque in favor of the "Secretary of the Department of Indian Affairs" on a Canadian Bank, for at least five per cent of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if it fails to complete the work contracted for.

J. D. McLEAN, Secretary. Department of Indian Affairs, 1st October, 1906.

News From Fort

Short Items From the Police Town.

Fort Saskatchewan, Oct. 8. — The weather continues fine; skies blue and cheerful.

Mr. Sharp of Sturgeon was in town on Saturday.

Messrs. F. A. Walker, M.P.P., W. A. D. Lees, W. Corbett, J. Henderson, D. Crauston, Davis, Campbell, G. O. Baetz and others attended the banquet given in honor of the Honorable Frank Oliver, last Friday evening. These gentlemen report having no end of a good time.

Last Sabbath evening in the Presbyterian church, the quarterly communion of the Lord's supper was dispensed.

The "Forbes Auxiliary" of the W.H.M.S., intend holding a shower social in the church on Friday evening, 12th inst., at 7.30 o'clock, for the benefit of the new hospital at Vegreville, which is to be opened some time this month. Any other denominations are welcome to unite in this benefit. Donations of almost anything from a bottle of vaseline to an Ostermoor mattress will be gratefully accepted. Tea will be served during the evening.

Mr. James Iemond and Miss Mary E. Thom, both of this town, were united in marriage on Wednesday, Oct. 3rd, at the home of the bride's brother Mr. Jesse Thom, of Sturgeon. Rev. Mr. Howard was the officiating clergyman. Upon arrival at the Fort the contracting parties were entertained at supper by Mr. and Mrs. D. Green, after which they left for their home on Ross St.

The whole community join in extending sympathy to Mr. and Mrs. G. Doze and family in their sad bereavement, in the death of their daughter Mae, which occurred on Thursday last from typhoid fever. Miss Doze was just budding into womanhood, being in her twentieth year, and a most beautiful Christian character. Dr. Riddell of Alberta College took charge of the funeral services at the house and also in the Methodist church, preaching a most impressive sermon. Mrs. F. J. White sang sweetly, Face to Face, by request; other suitable music was rendered by the choir. Mrs. Baetz presiding at the organ. One of the largest funeral processions ever seen in the Fort followed the remains to their last resting place. The floral offerings were numerous. Among others attending from the Alberta College were Professor Race, Mr. Percy Hook and Mr. W. J. Hobbs.

The little son of Mr. and Mrs. F. J. White met with a painful accident the other day. The child had climbed up on a table, missed his footing and fell to the floor, breaking his collar bone. Dr. Turner attended the little sufferer, and everything tends towards a speedy recovery.

Postmaster A. W. M. Campbell is taking a week's vacation.

The Alberta Milling Co. will soon have their new elevator here ready to do business with the farmers.

The new sidewalks on Government street and Dennis avenue are in progress.

Our local musicians contemplate giving a minstrel show in the near future.

RED DEER ITEMS.

Breezy Items from the Busy C. & E. Town.

Red Deer, Oct. 8.—J. R. Cowell, editor of The Alberta Advocate, left last week for the Okanagan Valley where he will spend a short vacation. He was accompanied by his wife.

Miss Alice Harding of Calgary, is the guest of Mrs. Geo. W. Green.

W. Paterson, formerly of the firm of Postill & Paterson has opened a real estate office and employment agency on Ross avenue in the office formerly occupied by P. S. Simpson.

The new furniture for the Northern Bank has arrived and is being installed. W. Blair of Winnipeg is installing the furniture.

W. B. Hewson and son have purchased the Jos. M. Smith feed stable and draying business, having left the C. P.R. employ. We are informed that the price was \$10,000.

W. B. Finley & Co. have opened a real estate office on Gaetz avenue, next Hill & Horn's grocery. This is the tenth real estate office in town; approximately one real estate office to every one hundred and seventy persons.

The Red Deer Milling Co.'s new elevator is now in course of construction. The building will be completed about November 1st.

Cement crossings are being laid at the junction of Ross street and Gaetz avenue. This will be a decided improvement.

E. Matchett of Stettler was in town last week.

C. B. Crawford of the Northern Bank left Friday night on a short visit to his home north of Edmonton.

Red Deer now claims the honor of being the largest town between Calgary and Strathcona, not even excepting the cities of Wetaskiwin and Didsbury. The census is 1721.

Ded Deer is talking of sending a delegate to the base ball league convention. It certainly seems a better financial proposition to put a team from here into the league than to incur the extra expense in railroad fares attached to putting a team in some town the other side of Calgary.

Some people in town are not satisfied with the census even yet.

The Windsor hotel is being brick veneered which will add greatly to its appearance.

Cement has arrived for the construction of the piers for the new C.P.R. steel bridge to be built here this winter.

A report comes from Pine Lake that R. Morton Bell's stable together with several valuable horses were totally destroyed by fire last week.

Mr. Sam Cottingham and son of Coaticook, P.Q. were in town for some days last week.

"Pringle's Ideals" occupy the opera house for the whole of next week.

The opera house has been thoroughly renovated and now presents a far better appearance than before.

"Bob" Ballard was renewing acquaintances in town last week.

The outlook for building this fall and spring was never better and 1907 promises to be a bumper year. We hear that it is the intention of Smith & Gaetz to build on their property next the English Cafe. This will be but one of many.

The outlook for hockey this winter is exceptionally bright, but up to the present the management of the rink seem to be undetermined. We understand Mr. Brown of the Red Cross Drug Store is an old stager at the game as also is Mr. Rappell the new accountant at the Merchants Bank of Canada.

The Staples Lumber Co. have purchased the entire output of the Great West Lumber Co's mill here, for this season.

A. G. Cosby of Chicago, Ill., was in town for a few days last week.

WILD HORSE.

News Notes from the Western Settlement.

Wild Horse Valley, Oct. 1.—Mr. and Mrs. Fletcher visited with Mr. I. P. Barnhouse last Saturday and attended the service on Sunday forenoon, conducted by our young and intelligent missionary, Mr. Seymour.

Harvesting is now over and settlers are busy lifting the potato and other garden crops.

Fred Morris is back to the Valley, restored to his former good health.

Mr. Whitthorne has also returned from town where he went some weeks ago to consult a physician, but is not improving as fast as his friends would like.

Quite a number of Indians pass through here almost daily on their way to the hunting grounds in the far north.

Mr. I. P. Barnhouse took a load of his boots into town last week and made a ready sale at a good price.

We are pleased at the addition to our settlement of two worthy Scotsmen Messrs. Morrison and Duthie, who have come to reside on their claims in the Valley. Before leaving town they had the misfortune to lose one of their horses, but it is to be hoped they may soon find it again.

Mr. W. Wood, a few miles up the river is busy building a handsome eight-roomed dwelling house in the latest eastern style. We wish Mr. and Mrs. Wood and their family every happiness and comfort in their elegant new abode.

BOYLE LAKE NEWS

Floating Stone Lake, Oct. 3.—Warm days and sharp, cold nights.

Threshing is in full blast now. Oats and wheat are turning out beyond expectations.

Mr. Waters had in four and a half acres of potatoes. He expected five hundred bushels, but now since beginning to dig them he expects even more than that.

Mr. Vincent Smith had a nice crop of tomatoes. After having had a sufficiency of ripe ones, they then had green ones to supply a number of the neighbors.

Mrs. Chas. Jackson has been visiting friends at Whitefish, Goodfish and Saddle Lakes for the last two weeks.

Charles Greenstreet has gone to Vegreville for a load of freight that has been sent from Edmonton to that place.

Fred Parlan and wife have gone to Vegreville to spend about six weeks. Mr. Chas. Johnson, who has been living in Edmonton this summer, has gone to California.

Mr. P. Tompkins and Mr. and Mrs. Vincent Smith came down on Monday and went home on Tuesday. They were guests of Mr. and Mrs. Greenstreet. A fine time was had as the evening was spent in music and jokes.

Miss Eva McCullough has been quite sick but is much improved at this writing.

Shares Held Secretly In Trust For Foster

Represented Both Buyer And Seller In Northwest Lands

The various transactions in land by the Great West Land Company were further probed by the Insurance Commission yesterday. An investigation of the stock book of the company, the production of which was so strenuously resisted by Hon. George E. Foster, disclosed the fact that Mr. Foster and his colleagues, Lieutenant-Colonel McGillivray and Mr. Matthew Wilson, had an interest in the second purchase of 8,640 acres of land which was bought from Pope and Fowler to make up the shortage in acreage turned over under the original option for 200,000 acres. It also transpired that when turning over the lands they selected under their option Messrs. Pope and Fowler retained 6,578 acres of selected lands, which they apparently still retain. Mr. Foster stated in the box that he supposed the Great West Land Company were getting all the lands selected under the option. Mr. Foster also testified that as managing director of the Union Trust Company he had been authorized to accept an offer which, as vice-president of the Eastern and Western Land Company, he had made to sell lands in the west at an advance of 50 cents per acre on the price paid for them. Mr. Foster said he could not see that there was any conflict between interests of vendor and purchaser, both of whom he represented. Another revelation was that Mr. Foster, according to a document produced, had held 350 out of 650 shares in the Kamloops Lumber company standing in his name in trust, for Hon. Geo. E. Foster. Mr. Foster's interest in these shares was not disclosed until the investigation commenced, and he had since endorsed the stock over to the Union Trust Company. Mr. Foster, he understood, had also absolutely surrendered his stock.

That Purchase of 8,640 Acres.
The examination of Hon. Geo. E. Foster was continued. He explained the subsequent sale to the Great West Land Company of 8,640 acres, in addition to the 200,000 acres which had already been purchased. Mr. Foster said he did not know that the 8,640 acres were comprised within the tract originally travelled over in the work of selection. Although witness was the managing director, of the purchasing company, he took no steps to find out whether these lands had been rejected at the first examination.

"You were purchasing for the ultimate benefit of the land company, and as their agent?" A—"I think that should be modified, in this way, that we were purchasing from Messrs. Pope and Fowler, and that we have been included in one transaction, by which Pope and Fowler came to us with the option on the land at a certain price."

Everybody Wants a Profit.

"At the advance?" interposed Mr. Shepley. A—"I do not consider that any man would ever buy anything if he did not buy with the idea of selling at more than it cost him. If it had been put through the successive stages it would first have been conveyed from Pope and Fowler to Wilson, McGillivray and myself at \$4.50, and then the second transaction would have been the conveyance of that land to the Great West Land Company at 50c per acre. I was not responsible for the legal form which put these two transactions into one."

"Then I would like to know whether you made any inquiries with respect to these lands?" A—"Exactly the same inquiries were made as when the first block was bought we satisfied ourselves that they were eligible lands. We had also the report of examiners that every quarter section would compare with the other land we had bought."

Syndicate Was Not Mentioned.

Mr. Shepley read from the minutes of the Great West Land Company of July 9, 1933, to show that when the purchase of the 8,640 acres was recommended no mention was made of the fact that the syndicate of Messrs. Wilson, McGillivray and Foster were interested in the transaction personally. Mr. Foster replied that the report represented the transaction as it was in so far as it concerned the Great West Land Company.

"Did you think it was necessary or desirable that the report which recommended the purchase of these 8,640 acres of land should have stated that you were an intermediate purchaser, having a personal interest in the property?" A—"I am not sure about that."

"Does not that view appeal to you?"

A—"I think it would probably have been better to have mentioned it. I have also an impression that it was thoroughly understood by members of the board."

Mr. Foster admitted that Messrs. Wilson, McGillivray and himself were the executive board having control of the administration of the lands.

"Do you say that Sir John Boyd, of the dual position that the very gentlemen who were endowed with executive power in respect to the affairs of the Great West Land Company were the very gentlemen who were interested in the transaction?" A—"Yes, that was true; the dual position is plain and unmistakable."

"Do you say that Sir John Boyd knew of it?" A—"I can't say that."

"Do you say that Schofield knew of it?" A—"I think he knew of it. I do not know that I told him, but I think he knew. I can't swear positively."

The evidence of Mr. Pope was read by Mr. Shepley to show that the 17,000 acres from which the 8,640 were taken were cut out of the original selection because from the reports received they were not good enough to be selected, and that they were part of the land returned to the C.P.R. In a letter Mr. Pope said that Mr. Foster had taken this block for Pope, Fowler and another. Mr. Foster asserted that he had absolutely no interest personally in any land selected by Pope and Fowler unless by "another" reference was made to the interest of Messrs. Foster, McGillivray and Wilson.

"Would you have bought that land if you had known it had previously been discarded?" A—"Certainly not. If anyone had told me they were discarded lands it would have made me determine to see that it was fair value."

In reply to another question, Mr. Foster said he did not know what greater precautions he could have taken than were actually observed.

Interest and Duty Conflict.

"Cannot you see that your interest and duty were conflicting?"

"In what way?"

"In taking up the option and passing it on at a profit, and so far as we are able to see, without disclosing this to those to whom you owed a duty?"

"It had been discussed before that."

"Do you see any conflict?"

"Theoretically there may be a conflict. If we had an interest in those lands we had an interest in their being worth the money that was paid for them; otherwise that interest would have diminished."

In reply to a question by Mr. Shepley, Mr. Foster admitted that the information respecting the interest of Messrs. Matthew Wilson, Lieut.-Col. McGillivray and himself in the transaction was disclosed by the entries in the stock book of the Great West Land Company.

The company had that same privilege so far as seeing that they were getting lands which were reasonable in price, value and quality.

The total purchase price of the 8,640 acres was \$43,200, of which \$8,320 was in stock and \$34,880 in cash, and Mr. Shepley pointed out that the profit of \$1.50 per acre would be \$12,960, which would leave \$4,640 to be divided in cash. Mr. Foster said that his syndicate got none of the cash and took their share of the profits in stock.

The company had that same privilege so far as seeing that they were getting lands which were reasonable in price, value and quality.

"You will not say that you do not now recognize any conflict between your interests as a syndicator and your duty as a director?"

"In this respect I think the Great West Land Company had exactly the same position as they would have had if they had bought directly from Messrs. Pope and Fowler."

Did Land Company Get All the Land?

After a great deal of cross-firing Mr. Shepley asked: "Do you know whether or not Pope and Fowler turned over to the Great West Land Company all the lands so selected by them under their option?" A—"I do not know whether they turned over all the lands that they selected under their right of selection to the Great West Land Company under the contract of 1903."

"What did you suppose you were dealing with them in respect to?"

regard to their option?" A—"Exactly what was laid down in the option itself, which provided for 200,000 acres, more or less. I suppose that was all turned over, and that the Great West Land Company received that."

This answer was not satisfactory, and Mr. Shepley pressed for a definite answer. After repeated efforts Mr. Foster admitted specifically that he had supposed the Great West Land Company were to get the whole of the lands selected by Messrs. Pope and Fowler under the option. He had not known that they did not turn over all the lands.

"And you are surprised now to hear that?" A—"Well, I did not know it before. I think that is all I can say in regard to that."

Retained a Large Block.

Mr. Shepley produced the evidence of Mr. Lefurgey in the suit against Pope and Fowler, from which it appeared that they had bought 200,810 acres of land from the C.P.R., and had transferred 193,374 acres to the Great West Land Company, still retaining 6,578 acres.

"What were you doing to protect the interests of your shareholders in this transaction with Pope and Fowler?" asked Mr. Shepley. "We were looking after the interests of the company," was the reply.

"That is a thing you could have ascertained easily if you had made inquiry?" A—"I made no inquiry, no direct inquiry, in that direction at all," replied Mr. Foster.

"If it had been suggested that they were going to keep some of the lands they had selected," suggested Mr. Shepley. "It would have been quite different. We would have seen that it did not occur," replied Mr. Foster, who became visibly annoyed when Mr. Shepley asked: "You are quite sure you have no interest in the land they are retaining?" He stated, with emphasis that he had not at any time any interest in the lands selected by Pope and Fowler.

"Are you in a position to say that the Great West Land Company has not paid for all the land selected by Pope and Fowler?" asked Mr. Shepley. "I am very sure that the Great West Land Company has not paid for any land that has not been delivered to it by the C.P.R. under their contract."

Overpayments Will be Adjusted.

In reply to questions, Mr. Foster said that he had not heard of Pope and Fowler making any other payments to the C.P.R. than the first payment which the Great West Land Company had repaid them. The stock in the Great West Land Company had been issued on the basis of 200,000 acres having been purchased. Any adjustment with respect to a greater or less amount of land than 200,000 acres would be made in the cash payments.

Mr. Shepley quoted the evidence of Mr. Pope to the effect that 7,000 acres of land was kept out of the lands given to the Wilson, Foster and McGillivray syndicate under the option for the use of the Pope, Fowler syndicate. Mr. Foster said he had heard nothing about the remainder of the block referred to by Mr. Pope having been sold since the 8,640 acres were sold to the Great West Land Company.

A Difference of Opinion.

Mr. Shepley next pointed out that there were no signatures in the directors' attendance book for November 13, the date on which the resolution was carried retransferring the 237 1-2 shares of Union Trust Company's bonus stock in the Great West Land Company and the 100 shares in Dr. Oronhyatekha's name to the Great West Land Company. Mr. Foster said he was opposed to the resolution changing the nature of the Union Trust Company's holding from a share in the company to a first mortgage, because he thought the stock was a more profitable investment. He would not swear positively that he had specifically mentioned the 100 shares of bonus stock standing in Dr. Oronhyatekha's name when the question of retransferring the stock came up. Neither would he swear that bonus stock was referred to specifically as such, but Mr. Stevenson was anxious to clear out all the stock holdings of the I.O.F. Mr. Foster said the minutes represented his view of what the decision of the meeting was. The resolution by Mr. Stevenson on the matter was not in writing, apparently, and the nearest Mr. Shepley could get to the facts from a searching examination was that Mr. Foster's recollection differed from that of Mr. Stevenson as to what took place at the meeting. The resolution officially recorded in the minute book was written by Mr. Foster.

Modified Former Evidence.

After luncheon Mr. Shepley continued the examination of Mr. Foster in reference to the reassignment of bonus stock held by Dr. Oronhyatekha for the benefit of the I.O.F. and the Union Trust Company. Speaking of his evidence of the previous day regarding his conception of the condition under which Dr. Oronhyatekha was given the stock originally, Mr. Foster said he desired to modify it. He believed the stock was to be used in some way to promote the interests of the Great West Land Company, or, if it were not so used, to go back to the original owners, from whom it went to Dr. Oronhyatekha, without consideration. Unless something was done to assist the company by means of that stock it would go back.

An examination of the stock book showed that the whole 337 1-2 shares of stock surrendered by the Union Trust and Dr. Oronhyatekha were transferred to Mr. Matthew Wilson, K.C., in trust for the syndicate composed of Messrs. Foster, Wilson and McGillivray. The transfers were signed by Messrs. McGillivray and Foster for the Union Trust Company, and by Messrs. Wilson and Foster for the Great West Land Company.

Shareholders Were Not Informed.

Mr. Foster read the notice, which, he said, was prepared by the solicitor of the Union Trust Company, calling the meeting at which the motion to surrender the stock was confirmed. The notice merely referred to the general confirmation of certain agreements between the Union Trust Company and the Great West Land Company. There was neither in the notice calling the meetings nor in the agreements themselves any indication to the shareholders who approved the transaction that the officers of the company were getting the bonus stock. Neither was there anything that showed the shareholders they were giving away bonus stock for nothing. Mr. Shepley pointed out that the meeting was fixed for a time at which both Dr. Oronhyatekha and Mr. Stevenson were expected to be away. On September 17, when the agreements were confirmed, Messrs. Boyd, McGillivray, Wilson, Davidson and Hon. George E. Foster were present, the majority being members of the syndicate. The minutes set forth that the solicitor of the company (Mr. Wilson) explained the agreement and mortgage, but Mr. Foster could not give the details of the explanation given.

The Great West shareholders met to ratify the agreement the same day, and Mr. Foster admitted that the notices given were deficient in the same respects as those for the Union Trust Company.

Will Not Give Up Readily.

"What is your attitude as a member of the syndicate towards the request being put forward by the Union Trust Company for a return of the bonus stock?" A—"I believe it is a matter between the parties concerned."

"Are you willing to give it up?"—I do not think so.

"Are you not willing?" A—"I am not disposed to give it up until I have reasons shown me why, but I am always amenable to reason."

Mr. Foster intimated that the same remark applied to the stock the return of which Dr. Oronhyatekha requested. He thought, however, there was a difference between the case of the Union Trust Company and that of Dr. Oronhyatekha. Mr. Shepley pointed out that Dr. Oronhyatekha claimed he held the stock for the benefit of the Union Trust Company, and Mr. Foster replied that if the details of the minutes showed that it was for the Union Trust Company, then one case would be on exactly the same basis as the other. Dr. Oronhyatekha's signature to the surrender of the stock was affixed by Mr. Lawless, who held a power of attorney at the request of Mr. J. A. McGillivray. This was done, Mr. Foster said, because they could not await the return of Mr. Stevenson or Dr. Oronhyatekha.

Acted for Vendor and Buyer.

Mr. Foster was then asked concerning his connection with the Eastern and Western Land Company, of which he is a director and vice-president. Lieut.-Colonel Davidson is also a director. A minute of the board of the company, dated June 17, 1903, was read, setting forth that the offer of Mr. Foster as trustee to purchase 9,000 acres of land in town 44, range 6, west of the fourth meridian, at \$5.75 per acre, be accepted. The minute of the Union Trust Company authorized Mr. Foster to purchase up to 50,000 acres from the Eastern and Western Land Company at a price not exceeding \$5.75 per acre.

"You laid before the board of directors of the Union Trust Company a scheme in respect to the purchase of properties of the Eastern and Western Land Company?" A—"Yes."

"Of course it was your duty to buy the land as cheaply as possible?" A—"Yes."

"But it was your duty as vice-president and director of the Eastern and Western Land Company to sell at as high a price as you could?" A—"Oh, my interest in that was so small it never occurred to my mind."

"Your duty was not small?" A—"My connection with it was known by the whole board."

"There was a conflict between the one duty and the other?" A—"In no sense was there a conflict one way or the other. The instructions really were to buy at \$5.75, but not more, which was the price at which the land was held for sale."

Simply Carried the Offer.

Mr. Foster, in reply to further questions, said his duty was simply to carry the offer from one company to the other; he did not urge the Union Trust Company to accept it.

"If I had brought a proposition before the Union Trust Company, I think your duty as a member of the board would have been to criticize and search it, would it not?" A—"Certainly."

"Would it not be your duty to do that in this case?" A—"Yes; I say that it was my duty to put the proposition before the Union Trust Company properly, and I did it."

Mr. Shepley elicited the fact that the Eastern and Western Land Company was making fifty cents an acre at the price quoted, because Mr. Foster said they had gone to a great deal of expense in selecting the land, etc.

Was Interested in Kamloops.

Mr. Foster also related how he became possessed of an interest in Mr. Fowler's share in the Kamloops Lumber Company. Mr. Fowler and he talked the matter over some weeks after the Union Trust Company had closed the transaction, and Mr. Fowler agreed to let Mr. Foster have an interest. The subject was frequently talked over between them, and ultimately when he had a prospect of turning some investments into cash Mr. Fowler on June 23, 1935, gave him a written option. The document which Mr. Foster produced set forth that Mr. Fowler held 300 out of 650 shares in the Kamloops Lumber Company, which stood in his name, in trust for Hon. Mr. Foster. The shares were \$100 each par value.

"But you were receiving financial assistance from Mr. Fowler in 1904?" suggested Mr. Shepley, pointedly.

"Yes," was the reply.

Mr. Shepley also pointed out that Mr. Foster, according to the document, was the real owner of the \$30,000 of stock and entitled to the dividends which were to be applied in payment of the stock. Mr. Shepley suggested that he would have a copy of the agreement made and filed in order that he might let Mr. Foster have the original.

Both Surrendered Their Stock.

"It is of no value now," said Mr. Foster. "Do not ask your neighbor for his advice. Use and act on your own judgment. It will soon be taken or written, and we will give you any further information that you may desire."

BETTER THAN LIFE INSURANCE.

A source of income that will last as long as you live. An asset that you can leave behind you for your friends and relatives. Have you a wife, a dear child, a sister, brother, or friend, whose welfare you have at heart? If so, why not invest \$50, \$100, or \$200, or any sum you can afford, in this coal stock, and get a certificate issued in their names; that will get them an income for life.

TWO YEARS FROM NOW.

The stock should begin to pay handsome dividends, and in another year or two may have a cash valuation on the market from the dividends it then will pay of at least \$100.00 per share. This calculation is based on sound and conservative business judgment, and on well-tried laws of natural growth. It is quite safe to say that when the Amalgamated Coal stock is sold, the four properties on Cold Water River, in Nicola Valley, B.C., and has built up a market for its product, and can produce coal and coke on a large scale, which may require six to seven years to accomplish (taking the Crow's Nest Coal Company as an example), this stock should then be worth on its own merit, from the dividend it then will pay, \$100.00 per share.

Opportunity knocks once at every man's door. To see it and grasp it in time is the keynote to success and wealth. This is meant for you. This is your greatest opportunity.

Fathers, mothers and guardians, who have the welfare of your children at heart, and want to provide for their future needs, write us for information, and investigate our proposition carefully. You will thank us later for the advice given. Ask or write for printed prospectus and reports, etc. We will show you samples of the coal and of the coke, and the assays of the coal from Government officials and other authorities.

RECOMMENDED BY BANKERS AND MERCHANTS.

As the safest and best investment in the world today, which is being offered to the public at large. We want men and women of moderate means to get interested in this great enterprise, and to get in now, on its first inception.

Remember, for \$250.00 you will get one thousand shares of Amalgamated Coal, which will secure for you and your family a source of income, and may make you independently rich. Remember, 1,000 shares of Crow's Nest Coal stock is today worth \$250.00, and brings a yearly revenue of over \$10,000.00.

PROTECTION TO SMALL SHAREHOLDERS IS SECURED BY THE LAWS OF BRITISH COLUMBIA.

Under British Columbia laws every Coal Company mining for coal and oil in that country must file with the Minister of Finance, a certified copy of their articles of incorporation, if a foreign company, and also of the by-laws; in other words, the company has to register under the laws of British Columbia, before they can transact business within the borders of the Province, and produce coal, and their books are subject to inspection every three months by the Government agent, to whom a sworn statement must be made, and a tax of five cents per ton paid to the Government for every ton of coal mined. This protects the small stockholders, as everyone interested, whether he may be the owner of 10,000 shares or only 100 shares, has the right to know at all times just what the company is doing, and there is no possible way of the company adopting, with any success, a "freeze-out" game. The Government being an interested party, much greater protection is afforded the small investor than in any other country.

We cordially invite you to call at our office, No. 61-62 Confederation Life Building, Toronto. If you cannot call, please write us, and we will mail you prospectus, reports, maps, etc., that will give you all information you may desire.

Owen J. B. Yearsley, Banker and Broker
61 Confederation Life Building. Main 3290. TORONTO.

COAL

A SECOND CROW'S NEST

Coal is actually today the greatest commodity of the world. With coal we run our mills and factories and our great railroads; with coal we propel our ships, provide our navies, and warm our homes; with coal we generate and produce electricity, with a few exceptions, where water power is available, but there are not very many, Niagara Falls, however; with coal we produce iron, copper, lead, silver, gold, and all other metals that we need, and must have, because all of these metals are to be found mixed in with the rock and in the ore.

Without coal we could not make coke, and coke made from a certain kind of high class bituminous coal is the only fuel yet known to man that produces a heat intense enough to melt ore and hard rock into a liquid, by which process we are enabled to extract the metals we need.

England would not be the great world power she is today if it was not for her inexhaustible supply of coal.

Coal is the basis of all industrial and commercial wealth. Coal-mining in British Columbia has always been a great success. It is a great deal like diamond mining in South Africa—a bonanza of the first magnitude.

The great mountain barrier of the Rockies shuts out the eastern coal, leaving the great Pacific coast to be supplied by the British Columbia fields, excepting a small tonnage from the State of Washington of a very inferior quality; in fact, so poor that the United States navy of the Pacific division get all of their supply from the Dunsmuir Coal Mines on Vancouver Island, and pay the duty on it, but neither the Washington nor the Vancouver Island coal is of any use for furnace and smelters coke, because the coal from both of these places contains a great deal of sulphur, and does not make good smelters coke.

Nevertheless Dunsmuir made millions after millions every year from mining coal, and died a few years ago the richest man in Canada. He made it all from coal, and his mines will be productive for generations to come, and are worth more today than thirty-five years ago, when first opened up.

OPPORTUNITY.

To see it, and grasp it in time, makes a man the master of his destiny. DO YOU WANT TO MAKE MONEY HONESTLY, AND LOTS OF IT? Would you like to become interested in a coal proposition in British Columbia, and make \$10,000 in three to four years from now on an investment of \$250.00? We offer you the opportunity to do this.

You have \$200.00, \$500.00 or \$1,000.00, whatever the case may be, in bank, drawing 3 per cent. interest yearly. Does this satisfy you, when you can many times double your money in one year in an investment like this we offer you?

PUT YOUR SAVINGS IN COAL. It is safe, and as good as Government bonds. There are no "ifs" about coal mining. There never was known a failure in coal in British Columbia, if quantity and quality and shipping facilities were assured, and the business was managed right and honestly.

The price of coal and its commercial value is always advancing from year to year, whereas the demand is increasing enormously every year.

Millions and millions of dollars have been made in coal mining year after year by all those engaged in the business, and to prove this we refer to the statistics on hand for the year of 1932, where it is shown that nine of the leading bituminous coal mines in the United States and Canada made the enormous profits of \$7,450,657 (one year's earnings).

There is no field of investment more absolutely safe and profitable than coal mining.

We now offer to the public 100,000 shares of the British Columbia Amalgamated Coal Company's treasury stock at the low rate of

TWENTY-FIVE CENTS PER SHARE.

The par value of this stock is one dollar, and is fully paid and non-assessable, and shareholders are exempt from personal liability. Once paid and secured it is settled for ever.

This Amalgamated Coal Company controls 17,500 ACRES OF COAL LAND in Nicola Valley, B.C., and, according to coal experts' reports, it is great area is underlain by inexhaustible quantities of high-class bituminous coal, the best for steam, blacksmithing and cooking purposes, estimated to contain approximately 1,400,000,000 TONS OF COAL.

TWO RAILROADS.

are new building into the Nicola Valley, the Canadian Pacific and the V. V. and E. (Great Northern) and the C.P.R. has already constructed and completed a line from Spence's Bridge, on Thompson River, to Nicola Lake, a distance of about fifty miles, whereas the V. V. and E. are rushing the work as fast as money and labor can do it, and it is expected to reach Nicola by Christmas.

This is certainly a rare opportunity for the small investors. For \$250.00 you can now buy 1,000 shares of the Amalgamated Coal stock, which in a few years may pay you a yearly revenue or income of \$19,000, figuring the dividend at \$19.00 a share (the Crow's Nest Coal Company paid a dividend last year of \$10.00 a share). This is an illustration to show what a few hundred dollars invested in coal stock means to investors. The Crow's Nest stock was offered to the people in the year 1896 at ten cents a share, and is today worth \$300.00 or \$300.00 for 1,000 shares. You can get 1,000 shares of our stock today for \$250.00, which may be worth as much as the Crow's Nest is today if you hold it long enough. Do you realize what this means for you? That the British Columbia Amalgamated Coal Company's stock will reach the \$100.00 mark in from six to seven years from now is the belief of those who have seen and examined the properties and are familiar with the local condition in that country. Get it on the ground floor. Act quickly, and do it now. Do not ask your neighbor for his advice. Use and act on your own judgment. It will soon be taken or written, and we will give you any further information that you may desire.

BETTER THAN LIFE INSURANCE.

A source of income that will last as long as you live. An asset that you can leave behind you for your friends and relatives. Have you a wife, a dear child, a sister, brother, or friend, whose welfare you have at heart? If so, why not invest \$50, \$100, or \$200, or any sum you can afford, in this coal stock, and get a certificate issued in their names; that will get them an income for life.

TWO YEARS FROM NOW.

The stock should begin to pay handsome dividends, and in another year or two may have a cash valuation on the market from the dividends it then will pay of at least \$100.00 per share. This calculation is based on sound and conservative business judgment, and on well-tried laws of natural growth. Broker Arrested**OVER COLLEGE SITE DEAL.**

Accused of Getting Lands Worth \$80,000 from Toronto University for \$39,000 by Using a Stool Pigeon.

(Bulletin Special)
Toronto, Oct. 10.—Thomas Holoway, broker, was arrested this morning and released on \$1,500 bail for his connection with the sale of the Upper Canada College site. He acted as agent for the University and it is alleged that by use of a stool pigeon he was able to get lands worth \$80,000 from the Toronto University for the sum of \$39,000. He pocketed the profits. The police are acting without instructions from the University authorities.

FOR THE GRAND TRUNK PACIFIC

Government Consulting Engineer Describes Progress of Work on the New Transcontinental.

Winnipeg Free Press—Collingwood Schreiber, consulting engineer to the Dominion government, and chief engineer for the western division of the Grand Trunk Pacific for the government, is in the city and, after spending today at the local G. T. P. offices, he will go to Portage la Prairie, where the construction work is in progress. He left Ottawa on Thursday evening and arrived here on Saturday night, travelling in an official car of the government railways. Mr. Schreiber was accompanied by his wife and H. D. Lumsden, chief engineer of the eastern division of the G. T. P. from Winnipeg to Moncton.

Mr. Schreiber, on being interviewed last night, stated that the construction was proceeding fairly well, considering the great difficulty in obtaining labor. "The labor isn't in the country, and cannot be obtained," he remarked. "That is the trouble. They are working from Portage la Prairie up as far as Edmonton. The work is generally pretty well covered. The distance is 730 miles; and of that there would probably be some 200 miles graded. I fully anticipate that the rails will be laid to Edmonton before the snow flies next year. Of course, his depends much upon the labor market; if there is a shortage it will take longer. A considerable amount of construction will be done during the winter. They have to pierce hills and there are a great number of cuttings to be excavated. Then, too,

the line. So there will be much doing."

The interviewer next inquired concerning the progress of the survey. There are a number of surveying parties in the mountains and in the various passes," he said. "But the government have not a report as yet, on which to come to a decision as to which is the best and most feasible to adopt. They hope, however, to receive the necessary information in a short time, and it is generally believed that by next spring the work of construction will be in progress through the mountains."

"Neither the government or the G. T. P. know where the line will traverse the Rockies. The favorite route of the company is the Yellow Head pass, but the government has demanded information on all the possible routes. Explorations have consequently been made over the Pine River pass, the Smoky River pass, and the Sheep pass, while the Yellow Head and Peace River passes have been surveyed."

REGINA SUICIDE

Regina, Sask., Oct. 9.—Because he had been refused the hand of a sixteen-year-old girl, George Bruno hanged himself from the rafters of a shack on his homestead. The suicide had the appearance of being most deliberate and carefully thought out. Having first placed a box upon end, the man apparently climbed upon it, and twisted a strap three times around the edge, leaving the buckle end hanging with a running noose. He then carefully tied his legs together just above the ankles with binder twine. Having adjusted the noose about his neck, he with great precaution proceeded to tie the binder twine around his legs about the knees with the same piece of binder twine as he had already used on the lower portions of his limbs. Having done that he tied his left hand down in such a manner that he could not possibly use it in any endeavor that he might feel impelled to make to release himself. Having thus taken every precaution against any impulse of self preservation, he kicked over the box on which he stood. The box fell sideways in such a manner as to leave the desperate man hanging with his feet inside of it within half an inch of the bottom. The body was discovered by the nephew of the dead man. The boy crawled into the dingy garret, and saw the form of his uncle, suspended from the rafters. He had been there the night before for a bag of flour, but owing to the darkness he had been unable to see his uncle. No inquest will be held as the coroner and police party, sent down to the scene, thirty-seven miles from here, in an automobile, found it unnecessary.

The Play

NEW THEATRE OPENS TONIGHT.

The new Edmonton theatre at the corner of Jasper and Third street will be opened this evening by an opera company headed by Claude Amnden formerly leading man in the Roscian Comic Opera company and Miss Hazel Davenport. Both these actors are well known to Edmonton people and will doubtless be greeted by large houses. They open tonight with "The Governor's Wife." The bill for tomorrow night is "The Mascot." The plan of seats has been placed at the Archibald drug store.

Gilbert and Sullivan, the famous English composers have long since passed to the Great Unknown, but "The Mascot" still lives, and in the minds of many who no longer visit temples of amusement is the greatest operative work ever written. Mr. Claude Amnden, the popular comedian, made no mistake in selecting this famous piece as a part of his repertoire on his visit to us next Friday night. Mr. Amnden and his co-star Miss Hazel Davenport need no introduction to local theatre goers, for though their many appearances here with the Roscian Opera company they have become favorites among the actor folk. For the opening night, they will produce a new and up-to-date musical comedy opera entitled "The Governor's Wife" written and adapted for the stage by Mr. Amnden himself. Mr. Amnden has surrounded himself with a capable company and a large chorus, and will bring to the banner attraction of the season. Seats at Archibald's Drug store. Those listing their names will be given a preference of twenty-four hours in which to select seats.

DAVID GARRICK'S LOVE.

Harold Nelson as David Garrick last evening in David Garrick's Love, received a hearty and well deserved reception from Edmonton theatre-goers. Nelson appeared in two roles, first in the prologue as Hamlet where he produced a realistic and thoughtful conception of the philosophic prince of Denmark in his reluctant duty and cursed spite of purging the rottenness of the Danish court.

The prologue of the play comprises the ghost scenes of Hamlet, as represented by Garrick in the green days of his popularity at Drury Lane and is witnessed by Ada Ingot, her aunt and cousin Squire Chevy from a box in the theatre where Ada falls in love with the actor.

The following acts comprise a comedy of well devised situations, where the wit and brilliance of the great actor artist play with sublime scorn upon the illiteracy and pretensions of those who have wealth without breeding and education.

Clifford Lane Bruce as old Simon Ingot, who thinks only in terms of stocks and dividends, played in what was apparently a most congenial role, and acted with matchless consistency throughout. Harold Nelson, as David Garrick approximated the immortal original himself in fine voice, elocution, and historic power of his deliveries. There were times when Bruce and Nelson occupied the centre of the stage that it was difficult to decide who was the favorite. One forgot they were playing and unconsciously thought he was looking at the original.

Dorothy Thomas took her part with true girlish grace and in act and mien gave a just conception of the struggle in a woman's mind whose freedom is cramped by a devoted yet mistaken father.

Squire Chevy in the personation of Victor Travers was well acted, in the grossness, imbecility of the man of purple blood, but brainless head. Lucy Thayer as Araminta Brown was as finicky peevish and absurd as any woman could be.

The splendid feature of the play is the ridicule without hate or malice, and the emphatic teaching that wealth is not all in gold and India stocks.

Irving's orchestra filled the time between the acts with their usual effective manner. This orchestra will play the entire week.

SOCIAL NOTES.

Mrs. B. J. Saunders' tea Tuesday afternoon in honor of Mrs. Oliver, who is the raison d'être of so many bright functions this week, was quite charming. The day was ideal and the many guests in beautiful costumes, made pretty scene. The hostess, looking particularly well in a lovely gown of champagne voile, with touches of blue, the bodice having a lace yoke, with garniture of turquoise blue velvet, and upon which was a diamond star, received her guests in the strictest reception room, assisted by the guest of honor, Mrs. Oliver, who wore a handsome gown of champagne colored lace over black on the corsage of which was a surmount of diamonds and opals, a toque of brown completing her toilet.

Throughout the room an abundance of flowers in white and pale pink made the air fragrant with their perfume, and added materially to the beauty of the whole. In the dining room the tea table, the cynosure of all eyes, made a pretty picture with a centre of crushed pale pink chiffon resting on the highly polished table on which was a cut glass vase filled with lovely pale pink and white asters.

Mrs. Bulyea was one of the guests, and on this occasion was wearing a tailor made costume of light grey with which was worn a white hat, and a fluffy feather box completing her smart costume. Other guests included Mesdames Dawson, Turnbull, Campbell, Norquay, H. C. Wilson, Brathwaite, Wallbridge, Scott, Barford, D. W. MacDonald and Miss Kerr (Cobour), Almon, Emery, Swaisland, Smith, Nightingale, Charlesworth, Marshall, Cautley, McMahon and Miss Clark (Prince Albert), Jellett, McKenney, Watt, Somerville, Bown, Jackson, Lemaire, S. C. C. Morris, Macpherson, Mercer, Manue, and a few others.

Miss Maud McKenney has issued invitations for a dance tomorrow evening. Mrs. Sutter has sent out invitations for an evening party on Friday.

Lieutenant Governor Bulyea is expected home tomorrow afternoon.
